ACTUAL ASPECTS OF EDUCATIONAL PROFESSION

ABOUT THE CONFERENCE

Scientific E-conference for PhD students, Researchers and Young Teachers is going to be a traditional meeting of PhD students, researchers and young teachers.

The conference is organized by Department of Education at Faculty of Humanities and Natural Science. The conference is intended especially for PhD students and their supervisors, researchers and young university teachers of education sciences from European universities.

The aim is to support the science, young researchers and create a place where scientific results can be presented.

The Conference is sectionalized in 5 topics

1) **Philosophic attributes of education**

- Knowledge of actual philosophy

2) **Sociological determinants in educational profession**

3) **Emotional and psychological aspects**

4) **Educational aspects in Didactics and school subjects**

5) **Research section**

- Includes methodological research projects and PhD. Research projects
- Results of realized researches
